UM BELO DIA: An Emotional Comedy

“Um Belo Dia is a red pepper onto which we put wings and it becomes a butterfly”

An poetic, metaphorical, c3mic and surrealist show of physical theatre, circus, dance and juggling/club balancing, for all audiences.

‘Um Belo Dia’ (A Beautiful Day) explores feminine freedom in an extremely human solo, where we see how the character interacts with objects, the audience and our own emotions.

Joy, sadness, anger and love - a cathartic journey that ends in a moment of union and acceptance of human imperfection.

Duration: 40 minutes. The show can be performed twice daily

Reviews

“Impressive, lyrical, passionate work by Dulce Duca. Juggling without hands, with the tongue, chin, shoulders, surrealistic figures. A little gem for the most demanding palates”

**Carlos Gil Zamora Artez
Magazine**

“Highlight for the Portuguese Dulce Duca. A work with clubs never seen before. Emotions emerge from this extremely original show.”

**Isabelle Maurisse,
Regards Paris**

“She balances herself like a flower with everything that is to come and then the clubs appear, but be careful, we do not see a classic juggling routine with 3, 4, 5 or 6 clubs. Duca cultivates the art of balance subtly and ironically with her shoulders, eyes, fingers and especially her mouth - the club is manipulated with the artist's tongue and teeth”
